Online Supports and Accommodations

By using the numbers associated with each support or accommodation, schools can identify which supports listed in eDIRECT match those within the Supports and Accommodations Table located at http://www.mi.gov/documents/mde/M-STEP_Supports_and__Accommodations_Table_477120_7.pdf. Please also refer to the Supports and Accommodations manual at http://www.mi.gov/documents/mde/Michigan_Accommodations_Manual.final_480016_7.pdf for more information related to these supports' administrative practices. Because there are variations between grades and content areas for allowable supports, schools must refer back to the supports and accommodations table for detailed information.
